## Wealth in Dead Sea Region.

It is not generally known that ample quantities of bitumen occur in the Dead Sea region. It can easily be gathered and prepared for use in road making, and there is the advantage that it will be obtainable at much cheaper rates than those which now obtain in the Near East and in Europe. The material can best be applied by means of the usual tar-spraying machine.

## CENSUS WORK

To Take Two Weeks in City and Month in Rural Districts.

The work of enumerating the census in Kingston, which opens January 2, will be completed in two weeks, while that of the rural districts will occupy one month except where severe weather makes it necessary to postpone activities, according to information given by the office of the census enumerator yesterday.

The men and women appointed to serve as enumerators of the fourteenth decennial census are charged by law with the collection of all facts necessary to fill out properly the printed schedule which each enumerator will carry when making the house-to-house canvass of the territory assigned to him.

The act of Congress providing for the census gives each enumerator the right to enter every dwelling in his district to obtain the information required. Enumerators will carry identification cards and written commissions from the government which will be shown on request. There are legal penalties for refusing to answer the census questions or willfully giving answers that are false.

Each enumerator is prohibited by law from publishing or communicating any information obtained through the census regarding any person.

The names of the enumerators, with a very few exceptions were printed in The Freeman a few days ago.

## POLITICIANS OF 58 YEARS AGO

Clever Battle on Convention Which Produced "Union" Ticket—Franklin Figures Here at That Time.

There are some persons yet living in Kingston, and in other parts of Ulster county, who will appreciate the "skit" quoted below from the New Year's address of the carrier boy of the Kingston Argus, fifty-eight years ago, January 1, 1862. They will remember John P. Hageman, editor of the Roundout Courier, George A. Shufeldt, Henry W. Tibbals, county clerk in 1862-64, Daniel Bradbury, the "Joker," who owned the People's Press, Peter Cantine called in the address, "Cantine," William H. Romeyn, editor of the Kingston Journal, Parr Harlow, publisher of the Ulster Democrat, and "Sharp" who is mentioned being no doubt the late General George H. Sharpe.

We have passed through an annual election once more, with about the same luck we've met with before;

For the flag-end of parties, in deaky communion, Concocted a ticket, and christened it "Union."

The style was attractive—concocted was the aim, And the people went in for the sake of the name.

Having carried the state, they threw off the disguise, And the nigger stood plainly revealed to the eyes.

But though they have whipped us again in the state, In our county and district, we "laid them out straight."

The most of my readers will doubtless remember How the first of October or last of September, Fifty-seven, of all factions, got up a convention, (And the names of a few may be worthy of mention:)

There Hageman, Shufeldt and Tibbals were seen, And Daniel the joker and Peter Cantine.

And Mr. Romeyn and our worthy friend Parr, And a wild-looking chap from Shandaken, were "thar."

A foxey old fogey they placed in the chair, And adjourned for a mouthful of whiskey and air.

Assembling again, they went quickly to work To nominate a member, and sheriff, and clerk.

When a keen looking fellow, "used to ropes," Made a fair motion, and gave vent to his hopes.

That the clerk from the Democratic ranks might be taken, Which roused up the wrath of the man from Shandaken.

Who declared he would never consent to the plan— The Republicans ought to have every man;

And he offered a rigamaroll long resolution, In which he arrived at the solemn conclusion

That the present convention was steeped in rascality; And, in proof of his outspoken character, of venality.

Said the men who composed that respectable body Were none of them better than dealers in shoddy.

He wouldn't quite say they would all of them steal, But he smelt a large pussy-cat under the meal.

The convention 'tis true, couldn't well understand How the motion agreed with the subject in hand:

Till the foxey old president's cunning suggestion, And Shandaken fell down on his marrow bones, then,

And offered up thanks, "while they all cried, Amen! But my limited time quite forbids me to mention

All the follies and pranks of this hybrid convention— Suffice it to say that poor Saxton was sold.

And when all the ballots for sheriff were told, Funny Daniel declared, sadly shaking his head,

"All is lost!—out of this I get herry a red." Yet Dan may console himself with the reflection

That he mourned not alone, at the close of election, For the Democrats "settled the hash" by a vote.

Which placed Blacks and Know-Nothings all in one boat; While even our ancient friend, Mr. Romeyn,

Had a far stronger reason than Dan to complain, For, if one had cool treatment, the other had colder.

When the "Board" turned towards him a frigid shoulder,

### ESOPUS.

Esopus, Dec. 20.—The Methodist  
Sunday school will give its Christmas  
exercises in the church on Tuesday  
evening, December 23. Parents and  
friends are cordially invited to be  
present and enjoy the program which  
is being prepared. Exercises will be-  
gin at 7:45.

Mrs. William Fanning of New York  
city was a recent guest of Mrs.  
Charles Mercer Hall at Rosamont.  
Mr. Northrup of Kingston has re-  
covered from his long and severe ill-  
ness and is once more in the ticket of-  
fice of the West Shore railroad in this  
village. His friends are pleased to  
see him in his accustomed place.

A very pleasant meeting of the Ep-  
worth League was held at the parson-  
age on Tuesday evening, December 9.  
Three new members were received.  
Mrs. Elmer Lund, George Huft and  
Ralph Beaver. The latter was elected  
secretary of the league to fill the  
vacancy caused by the removal of  
Gould Ganoung. After the business  
hour delicious refreshments were  
served by the pastor's daughter, Dr.  
Amy Budd, assisted by the Misses  
Amy Smith, Dorothy Drake and Thel-  
ma Drake. Games were then played  
and when the time to leave came all  
declared they had spent a very enjoy-  
able evening.

Mrs. Costello of Jersey City re-  
cently visited Mrs. Isaac Burger and  
Miss Mary Lynde.

Mr. Edward Ashton entertained  
Mrs. George Constant of Highland  
on Wednesday of last week. Mrs. Con-  
stant also called upon Mr. and Mrs.  
Alfred Terpening.

Mrs. J. J. Lyons and two children,  
Gladys and Harold, of Hamlet,  
Onondaga county, visited a number of  
their friends in this village last week.  
All were glad to meet them once  
more.

Mrs. Robert D. Luman of Delhi vis-  
ited her mother, Mrs. Phoebe Mc-  
Lanahan, for a few days last week.  
Miss Hazel Mott returned from a  
visit with relatives at Newburgh on  
Sunday afternoon last.

What She Was Making Up.  
A woman had been out the night be-  
fore, and looked tired, so another ex-  
plained the story in which John came  
down from her room another said:  
"Well, it is rather hard to tell her what  
to say now?" The response "John, she  
couldn't get up her face to go out."

### GAY TOWN OF VERNON DYING

To Be Merged With City of Los An-  
geles as Result of Pro-  
hibition Law.

Los Angeles, Cal.—The city of Ver-  
non, a little independent town entirely  
surrounded by the southeast section  
of Los Angeles, is about to give up its  
municipal ghost, and be merged into  
the corporation of Los Angeles. The  
decision of Vernon to become a mem-  
ber followed the enactment of federal  
prohibition. Until that arrived, Ver-  
non was a "wet spot," entirely sur-  
rounded by arid Los Angeles.

It is a manufacturing town, but its  
claim to fame has rested on its enter-  
tainment facilities. Before the country  
went dry, Vernon had a group of res-  
taurants and cafes that were famous  
all over the country. The motion pic-  
ture people, the artists and Bohemians,  
and the writers of the West, all turned  
there for gaiety.

With the passing of liquor, city re-  
venues of Vernon, derived from license  
fees and from fines against the hil-  
lous patrons, have dwindled to noth-  
ing; it can't pay salaries, hence it can  
not retain officials.

### CUTS HIS THROAT WITH SHOE

Edge of Sole Is the Weapon Used by  
Brooklyn Blind Man to  
Kill Self.

Brooklyn, N. Y.—Using the sharp  
edge sole of a new pair of shoes, which  
he had never worn, to cut his throat,  
Patrick Fay, forty-five, an inmate of  
the Home for the Blind, 516 Gates  
avenue, ended his life. Fay had been  
an inmate for a year and had been a  
favorite in the home. He was a skill-  
ful pianist, and an hour before he  
ended his life was playing the piano  
in the reception room at the home.

Another inmate heard groans com-  
ing from Fay's room and notified the  
superintendent. Fay was found dead  
in his bed with the new pair of shoes,  
soaked with blood, beside him on  
the floor.

### CAB BREAKS HEART OF KING EDWARD'S HORSE

Paris.—Minoru, pet racer of  
the late King Edward, the only  
horse that ever won a Derby for the  
royal house of Windsor, is dead in Paris. He died of a  
broken heart. It was the King's  
dying request that Minoru never  
should be sold. But Lord Rose-  
ford's stable manager disregarded  
this wish and sold the mag-  
nificent steed for a song. Minoru  
stood his new job one day—  
then he lay down and died.

### Woman Arabian Captain.

Sanita Barbara, Cal.—Mrs. Anna L.  
Fisher of Sanita Barbara has been  
made a captain in the Arabian army  
and has been assigned to duty as a  
cavalry officer with the sanitary corps,  
according to a letter received here re-  
cently from Damascus. The appoint-  
ment is the recognition of her efforts in  
the organization of the work of the  
American Red Cross in Damascus. To  
facilitate her work it was decided to  
give her a regular commission in the  
Arab army. The formalities in con-  
nection with this includes the signing  
of more than fifty official documents in  
Arabic, English and French.

### Plague Kills Mexicans.

El Paso, Tex.—Hundreds of Mexican  
soldiers have died of hem-  
orrhagic malaria in the Tampico  
district recently, according to Exec-  
utive of Mexico City. The Mexican  
secretary of war has ordered the dis-  
patch of two additional military med-  
ical brigades to Tampico to try to  
control the disease.

### Johnson Knew Harlan Nature.

Johnson wrote to Roosevelt on Sep-  
tember 22, 1877: "When a man is in-  
vited to dinner he is disappointed if  
he does not see something good . . .  
everything is to have things which  
please their taste and in their way,  
without trouble or preparation."

makes the meal more satisfying.

Salad prepared with SALANUT will be the  
most tasty but least expensive item on  
your Christmas bill of fare.

### Fruit Salad With Mayonnaise

6 Apples 1 Stalk Celery  
1 Cup of Nuts Juice of 1 Lemon

Chop apples, celery and nuts; pour lemon  
juice over them. Serve with Mayonnaise.

Yolk of 1 Egg ½ Teaspoon Mustard  
½ Teaspoon SALA- ½ Teaspoon Salt  
NUT. Dash of ½ Teaspoon Powdered  
Worcestershire Sugar

Mix the ingredients with a fork until thick. Add ½ tea-  
spoon vinegar. The vinegar makes the mixture thin, but  
keep stirring and add SALANUT as fast as it can be  
beaten in. A small quantity of lemon juice will bleach  
the dressing slightly and add zest to its flavor. White  
pepper may be used instead of Worcestershire. The white  
of the egg may be beaten stiff and whipped in the com-  
pleted Mayonnaise.

Be sure to buy your SALANUT before  
Christmas, Your grocer sells it.

KINGSTON, N. Y., DEC. 20, 1919.

If the day ever comes when we show a little willingness to spend an hour or so discussing the cause, we will not be compelled to waste so much time discussing effect. Then we will be getting at the bottom of things and we will be practicing real economy.

Wood alcohol deaths in New York are said by the chief medical examiner to be increasing at a startling rate under prohibition. Apparently all the "kicks" of a more or less perilous sort have not been eliminated even by the order of the Internal Revenue Commissioner that face lotions, liniments, hair-oils, etc., must be made non-potable.

The post office department indulges in its monthly program of passing the buck. This time the railroads are blamed for the delay of 85,000,000 letters because the Hines outfit missed train connections. Of course Hines will come out with a denial and they will probably wind up by blaming it all on Secretary Lansing, the official goat of the Wilson administration.

It sounds almost too good to be true, but it would appear as if we were once more getting back to principles and getting away from persons. There was a time, not so long ago, when principles counted and controlled, but, unfortunately, for a while we deserted principles for persons, and then the trouble all commenced. We are all somewhat guilty, because, knowing what should be done, we were content to let the other fellow do it, and he was busy.

There are some people who think the tariff will not be an issue in the coming campaign, but we notice that the president devoted several paragraphs of his message to it. He is in favor of a protective tariff on dyestuffs and related chemicals. In other words, he believes in protection where he thinks it is needed. The manufacturers and producers of the country think they also have some ideas worth considering on the subject of commodities needing protection.

"Dear Friend Fred Rowe," as Emmy Goldman calls the Wilson appointee in charge of immigration affairs at Ellis Island, when asked by a congressional committee to state his politics, averred he was a Democrat. He then proceeded to declare himself a single taxer, a Plumb plan exponent, a believer in government ownership, opposed to Mexican intervention, and in favor of immediate peace with Bolshevik Russia. This was all corroborative of his statement that he was a Democrat, but a Wilson Democrat, not a Jefferson Democrat. A Wilson Democrat howls down individualism, nationalism, and government by law, and stands for class control, internationalism and government by men. That is why a Wilson Democrat can depend upon such votes as Goldman's, Bergman's, Brisbane's, and the like.

## THE BIGGEST NAVY.

When the Navy General Board first urged an American navy "second to none" many supposed it to be part of a plan to boost the proposed League to prevent war and thus permit the reduction of armaments. Now that the Board has again urged the building of the greatest navy in the world, and that within five years, the logical conclusion seems to be that a serviceable League is no longer counted on, with the consequent expectation that the nations must look to their own protection, as formerly, through increased armaments. Whatever the true meaning of the recommendation, it is discouraging. To reject it may leave us behind in the race of the strong nations; to accept it will mean the expenditure of hundreds of millions, adding greatly to taxes that are already heavy and that are in any case to be heavier still owing to the government's loss of revenue through prohibition.

Millions of average intelligent Americans have not been afraid of British supremacy at sea, knowing that Great Britain has more need of the United States than we have and believing that

war between the two countries in these times is next to impossible. Now, in the presence of the great trouble-favoring Irish-American agitation in favor of the so-called "Irish republic," they are not so sure. In tax-burdened England, on the other hand, there is increasing outcry against the terrible burden of expanding naval construction. "Let the Americans take the lead on the sea and bear the burden," it is said. In this particular the Britisher is like the burnt child who dreads more fire. Over here, with League of Nations failure threatening and Irish agitation gaining strength, we may insist on getting burnt before we are ready to develop a similar attitude.

Great Britain is getting her lesson in government control of the railroads. According to a statement issued by the ministry of transportation, "an estimate of the deficit which will fall on the exchequer in respect of the financial year ending March 31 next has been made, based on the latest operating results, and the figures show a probable deficit of 45,000,000 pounds sterling. It should be added that the present estimate of 45,000,000 as the amount of the deficit may prove to be inadequate if the drop from the summer level of passenger receipts is more marked than usual, as may well be the case in view of the unprecedented height attained, and as a result of the dislocation of business by labor troubles." The Anglo-Saxon mind is rapidly "getting hot" to the fact that Bolsheviki government is not the thing for it.

Mrs. Bacon—"This paper says that Kansas this year will reap four crops of alfalfa." Mr. Bacon—"I shouldn't be surprised." "But what is alfalfa?" "Why, alfalfa is—why, it's a well, it's a sort of a breakfast food for cows."—Yonkers Statesman.

The music used at this service will be from the Mass in F, Caden or would appreciate a visit from the church. Such persons should send their names to the church.

At 10:30 a. m. solemn procession and Mass will again be celebrated and a sermon delivered by Major Mabry on "The Importance of Christmas."

The Church is being beautifully decorated. With its stately altar blazing with candles, and a profusion of Christmas trees, Holy Cross is, indeed, a fitting place in which to worship the new born King.

On the Saturday following Christmas, St. John's Day, the children of the parish will hold their festival. At 7:30 p. m., they will sing the manger scene in the church and sing carols, after which they will go to the parish hall for exercises and a party.

Major Mabry will continue in Kingston all of the Christmas week to minister to any sick or "shut-ins" who may desire to make their communion or would appreciate a visit from the church. Such persons should send their names to the church.

## TROOPERS SAVE LIFE OF A CHILD

Private Snyder and LaFave Apply First Aid Treatment Boy's Leg Wrenched Off At Knee.

First aid treatment in which every state trooper is versed, enabled Troopers H. H. Snyder and Frank L. LaFave of "G" troop, Albany unit of the state police, to save the life of a child, according to reports received yesterday by Major George F. Chandler, superintendent of state police. Albert Challos, nine year old, son of Mr. and Mrs. Joseph Challos of Red Hook, is now recovering at his parents' home, after having one leg wrenched off at the knee.

The two troopers were patrolling a highway near Red Hook when they heard cries for help from around a bend in the road. Urging their horses on they found the child lying by the roadside, his mother leaning over him. A horse and rig stood near. The woman was injured. The child's leg had been wrenched off at the knee when he and his mother had been thrown from the rig.

The troopers saw the child was bleeding to death and they immediately applied first aid treatments, checking the flow of blood. Hailing a passing automobile they rushed the child to the Hudson hospital where physicians said the first aid treatment of the troopers and their haste in hurrying the child to the hospital had saved his life.

All who have met Mr. Rundell are wonderfully pleased with him whether in the Bible study, in the pulpit or in their homes. Come and listen to this godly man who lives the life he preaches and carries with him a countenance filled with the sunshine of divine love. He has been an inspiration to all who have met him and when he leaves this place he leaves a vacancy that cannot be filled. We surely are glad to have spent these weeks in his uplifting company. Come and spend one hour with him tonight.

The closing service in the evangelistic campaign. Every one invited to these services.

Rev. T. L. Muir spoke from the text "Believe on the Lord Jesus Christ and Thou Shalt Be Saved," to a good crowd at the Methodist Church Friday night. "These words were spoken to all peoples. Of all clear cut statements that is the clearest. Just believe. The devil makes you say, 'Not tonight.' Today is the day of salvation. Any person who will permit himself to go to hell is a fool. Believe means to trust, just trust God. You say you can't understand? Of course not, you're carnally minded and can't understand spiritual things until you're converted. Just accept Jesus. Trust on the Lord Jesus Christ and thou shalt be saved. What we do in regard to this great salvation we do between here and the grave. There is no second chance. Don't let anybody or anything keep you from accepting Christ. Christ says, 'I am the way, the truth and the life.' You must confess the Lord Jesus before men. When you're given your heart to the Lord you know it and know you are saved. Its decision, confession and accepting that counts. Jesus paid it all, all to Him you owe. He'll take you're sins away if you confess to Him. Salvation saves you from hell. God is able and willing to keep you from falling and will if you accept Him. Jesus took your place on the cross for you. Won't you accept Him tonight?"

## Give Music For Christmas! The Needs of the Home Are Completely Satisfied WITH THE NEW EDISON

## Hear it for yourself —the phonograph which amazed all Kingston

ARE you one of those who believe that no phonograph can match the voice of the living human? An astonishing discovery awaits you—like the thousand Kingston people who attended the Alice Verlet recital.

Thomas A. Edison gave his famous Tone-Test last Tuesday night in the High School Auditorium. He had Miss Verlet sing in direct comparison with the RE-CREATION of her voice by the New Edison. Music lovers were completely baffled. Their

ears were unable to distinguish the RE-CREATED voice from the living. You have never heard any phonograph that approaches the New Edison. It RE-CREATES not only the musical notes, but every elusive quality of tone and color which identify the original artist.

Many of us also find the Christmas season at hand without the wherewithal to furnish our families and our friends with the gifts, remembrances and pleasures that we had hoped or intended to give. We feel sorry—and yet, after all—we can but blame our own shortsightedness.

## VETS TO GIVE MINSTREL SHOW

Executive Committee of Kingston Post to Hear Grievances—Resolutions Adopted Favoring Sweet Bill and Reminding Congress of Obligation to Ex-Service Men.

The members of Kingston Post, No. 150, American Legion, held a meeting Friday evening at the armory and following the business meeting were guests at the Y. M. C. A. where all members of the post were extended all privileges.

At the meeting arrangements were made to hold a minstrel show some time during the latter part of January and Harry Malsenholder and Thomas Dolan were appointed a committee to take up the matter. The show will be given by local talent from the Legion. A meeting will be held Sunday at 2 o'clock when plans will be discussed.

January 4th, the executive committee will sit at the armory from 1 until 5 o'clock and act as a grievance committee to hear any member of the Legion who has a grievance in respect to unpaid allotments, unpaid Liberty Bonds or reduction in disability compensation or other matters which confront the ex-soldier. All members who come to present any complaint should bring along any papers which they have in regard to the matters to be straightened out.

At the meeting Friday evening the following resolutions were adopted by the Legion:

Resolved—That Kingston Post, No. 150, of the American Legion, in meeting duly assembled on Friday, December 19th, 1919, does hereby note that the government owes an obligation to all ex-service men to take immediate steps to alleviate the manifest injustice resulting from the financial disadvantages suffered through military service which is an obligation second only to its obligations to care for the disabled veterans and for the widows and orphans of those who lost their lives, and which has been recognized by the governments of our Allies in regard to their respective service men.

And We Further Resolve—That Kingston Post, No. 150, of the American Legion has implicit faith that Congress will frame proper legislation based preferably on length of service for the immediate remedy of these injustices.

And Further—That a copy of these resolutions signed by our president and secretary be sent to Congressman Charles B. Ward and Senators Wadsworth and Calder of New York urging that their early attention be directed to this obligation and that they show their interest in and support for this obligation.

Resolved—That the first obligation which the nation owes to the veterans of the world war is to take adequate care of all who were disabled in the service by assuring them of prompt payment of liberal compensation as

well as full opportunities for vocational training and permanent employment and to that end Kingston Post, No. 150, of the American Legion endorses the "Sweet" Bill No. 8778 H. R., now pending in the United States senate and demands its prompt enactment.

And Further—That a copy of these resolutions signed by our president and Secretary be sent to Congressman Charles B. Ward and Senators Wadsworth and Calder of New York urging their sincere support of same.

## COFFEY FIGHTS NEW YEAR'S DAY

Meets At Tuet of Newark in Main  
Bout of Eight Rounds at Smoker of  
Kingston Athletic Club—Joe Reilly  
Also Matched With Dady.

Vincent Coffey, the local boxer,  
has been matched to meet Al Tuet of  
Newark, N. J., in the main bout of  
eight rounds at the next smoker of  
the Kingston Athletic Club in Giff-  
ith's hall on lower Hasbrouck ave-  
nue. The smoker will be held New  
Year's afternoon at 3 o'clock.

Coffey has appeared twice at the  
local club's smokers, and both times  
won his fight. Once on points and the  
other by knocking Young Russell,  
who recently died following a boxing  
bout in New Jersey.

Tuet, who will meet Coffey, is said  
to be an exceptionally fast boy who is  
making a reputation for himself  
around Newark and New York. He is  
not only fast but carries a sleep-  
punch. Those who have seen Tuet  
fight say that Coffey will have to ex-  
tend himself to be returned a winner.

Not only will Coffey box, but Joe  
Reilly, another local boxer, will ap-  
pear in the semi-finals with Joe Daley  
of Albany. Reilly made his first  
public fight at a recent smoker of  
the club here when he defeated  
Willie Collins of Newburgh. Collins  
has been fighting the past ten years  
and is considered a fast man, but Joe  
had no difficulty in outpointing him,  
scoring a decisive victory.

There will also another six round  
bout between fast men, and four  
round preliminary.

## LOUGHRAN HEADS MEDICAL SOCIETY

Other Officers Elected at Annual  
Meeting—Resolution Passed Rec-  
ommending Drastic Measure to  
Prevent Spread of Tuberculosis—  
Only Half of School Children  
Found to be Normal.

At the annual meeting of the Ul-  
ster County Medical Society held Fri-  
day afternoon at the city hall, the  
regular routine business was trans-  
acted, officers were elected for 1920.

A resolution for the purpose of pre-  
venting the spread of tuberculosis  
from properties where a patient had  
died or removed from was passed by  
the society and measures were taken  
to increase the dues in the society so  
that more money could be devoted to  
legislative purposes.

At the present time there is little  
done by the health authorities in  
many cases in preventing the spread  
of tuberculosis in homes where a pa-  
tient has been. Although there is at  
present certain powers invested in  
the health authorities, which could  
be exercised in compelling the owner  
of such property to renovate, these  
powers are seldom exercised.

Dr. A. A. Stern introduced the fol-  
lowing resolution:  
"Resolved, that a tax be levied and  
assessed against a property owner  
for the cost of renovating the quar-  
ters that were occupied by a person  
dying or removing from the prem-  
ises, who has been suffering from tu-  
berculosis."

Following the introduction of this  
resolution a discussion was held, the  
resolution being passed and a com-  
mittee of three consisting of Dr.  
Stern, Dr. Mark O'Meara and Dr.  
Walter D. Hasbrouck was appointed  
to meet with the board of health and  
secure their co-operation in the mat-  
ter.

Before introducing the resolution  
Dr. Stern spoke of the lax manner in  
which certain landlords renovated  
their property following the removal  
of a tubercular patient from the  
premises. One instance was cited  
where a member of a family died  
from tuberculosis, the doctor in at-  
tendance notified the family that un-  
less the property was thoroughly  
cleaned with other means than sul-  
phur or formaldehyde there was  
grave danger of other members of  
the family contracting the dread dis-  
ease. Nothing was done to remove  
this danger and another member of  
the family did contract the disease.

In speaking of the matter Dr.  
Stern said that the only way to stamp  
out the disease was to repaint the  
property, re-varnish and remove the  
paper from the walls and renew it,  
clean all floor coverings and drap-  
eries and destroy all furnishings  
which could not be thoroughly boiled  
and cleaned. Dr. Stern said that  
much was being done to stamp out  
the disease but this, one of the most  
fertile fields for the spread of the dis-  
ease, was allowed to continue.

The discussion which followed  
brought out the point that many  
landlords with this situation facing  
them would not allow a person suffer-  
ing from the disease to rent a prop-  
erty. The opinion of the society was  
that every effort, however, should be  
made to have the health authorities  
attend to the matter.

Officers for the year were elected  
as follows:  
President, Dr. E. D. R. Loughran;  
vice-president, Dr. George W. Wilk-

low, Ellenville; secretary, Dr. O. D.  
B. Ingalls, Kingston; treasurer, Dr.  
E. E. Norwood, Kingston; delegate  
to state society, Dr. F. L. Eastman,  
Kingston and alternate Dr. Mark  
O'Meara, Kingston. Censors for  
the year: Drs. Stern, Emerick,  
Maben, Cranston and Daniel Con-  
nelly.

Two new members were accepted  
into the society, Dr. Frederick H.  
Holcomb, Kingston and Dr. John C.  
Grass of Phoenix.

The report of the secretary  
showed that there had been five  
meetings held during the year, six  
new members had been received into  
the society and one transferred. The  
Ulster County Medical Society now  
has a membership of 67.

The report of the treasurer was  
also presented and showed a balance  
of \$72.97 in the treasury.

Dr. Frank L. Eastman stated that  
the H. C. of L. had hit the Medical  
Society and they found that their  
treasury was growing thin about the  
waist line. Much money has been  
spent during the year to fight the  
Compulsory Health Law and more  
will be needed in the future if this  
bill is to be really defeated. In view  
of this fact it was proposed to in-  
crease the annual dues of the society  
two dollars a year. This will give  
the local society \$1 more a year and  
will supply an extra dollar for the  
State Society, making the annual  
dues of the society \$7 a year instead  
of \$5 as at present.

As this matter will require the by-  
laws to be amended the motion made  
by Dr. Stern will have to lay over  
for one year before being passed at  
the next annual meeting.

Previous to the business session,  
Dr. Arthur S. Moore, of the Middle-  
town State Hospital, gave a brief  
talk on some of the different forms of  
depressive psychosis. He also asked  
the doctors to co-operate with the  
Middletown authorities and visit the  
clinics which are being held in the  
county by the Middletown authori-  
ties.

Dr. Henry Van Hoevenberg spoke  
on the medical examination of the  
school children and what it means.  
Of the 3,774 pupils of the public  
school of the city whom he had ex-  
amined he found 1,847 normal, a  
percentage of 54.4-10; 1,527 were  
found to be defective or a percentage  
of 45.6-10.

Many of the defects were absolute-  
ly harmful to the pupil and present-  
ed a proper devotion to their study.  
Of the worst cases vision, teeth, nose  
and hearing were the most prominent  
while throat troubles were promi-  
nent. Twenty-three per cent of the  
pupils have defective teeth.

He spoke at length on the throat  
troubles which were a positive detri-  
ment to students. In many cases  
where the pupils were dull and failed  
to get on well in school they were  
found to be suffering from bad ton-  
sils. When removed a positive im-  
provement was found in their condi-  
tion.

Following the talk by Dr. Van  
Hoevenberg the meeting adjourned.

## AT THE THEATERS.

Musical Comedies at Opera House

All Next Week.

A famous star in a photodrama  
that sparkles with wit and clean  
humor was seen when "Bonnie, Bon-  
nie Lassie" opened at the Auditorium  
today. Mary Mac Laren, the star of  
this latest Universal photoplay, is  
supported by such generally liked  
Universal favorites as Spottiswoode,  
Aitken, David Butler and Arthur  
Carewe. As a Scotch girl from the  
fashionable circles of Edinburgh,  
Miss Mac Laren is an appealing fig-  
ure, but she is even more delightful  
in the overalls and straw sombrero  
of a sign painter's assistant in Amer-  
ica. The picture will be repeated to-  
night. "Smashing Barriers," star-  
ring William Duncan, is the added  
feature today. On Monday Zazu Pitts  
in "Poor Relations."

Maurice Tourneur, who gave the  
screen "Sporting Life," from the  
Druce Lane melodrama of the same  
name, presented the celebrated "The  
White Heather" from the same the-  
ater at Keeney's yesterday. It was  
adapted from Cecil Raleigh and  
Henry Hamilton's play, but where  
scenic devices were used on the stage,  
the camera has gone under the seas  
and over the mountains in an amaz-  
ing way. Many fathoms under the  
sea men struggle through one reef  
after another, the wreckage at their feet,  
all about them and the bubbles of  
escaping air from their helmets,  
startling and realistic achievements  
depleted in a long time. This great  
picture will be presented for the last  
time tonight at Keeney's at 7 and 9.  
On Monday "The Broken Butterfly,"  
another famous success by Mr. Tour-  
neur.

Beginning Monday and remaining  
at the Kingston Opera House for the  
entire week of December 22, both  
matinee and evening, DeWitt Mott  
will present his American Beauty  
Review in a repertoire of high class  
musical comedies. The public of  
Kingston will have presented to them  
one of the best popular  
priced musical comedy com-  
panies on the road and will  
have a chance to witness shows at  
popular prices that you would not  
hesitate in paying \$2 to see.  
This is a major company, carrying 20 and 22  
clever artists, a variety of special  
scenery, electrical effects and cos-  
tumes. The musical numbers are of  
the whitening kind that linger in your  
memory, while the plays are excep-  
tionally bright and witty, being filled  
brimful of good, clean comedy situa-  
tions that never fail to bring roars of  
laughter from the auditors. The  
comedies are great, and the girls  
are the best that could be obtained.  
There will be an entire change of  
bill each day, with new scenery, cos-  
tumes and electrical effects for each.  
The opening play for the week will be  
the musical screen, entitled "The Day  
After Tomorrow."

Kindness in Business.  
It is a great privilege to have an  
opportunity more than a day, in the  
course of your business, to do a kind-  
ness which is not to be paid for. Gen-  
erousness is a reminder of a large part  
of the duty of our office person who  
comes in contact with the world.  
Where a man's business is, there is  
the place for his religion to manifest  
itself.—Helen.

## Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.  
Inferior insulation wears out before the plates do, and re-insulation is necessary.  
Threaded Rubber Insulation eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.  
It's the one biggest battery improvement in ten years—demonstrated now by four years of use.  
You can't afford not to know about it. As soon as you'll need a new battery, call and let us tell you all about it.
